NOTICE OF PUBLIC HEARING FOR PROPOSED LAND DIVISION

Bruce W. McClendon FAICP
Director of Planning

TENTATIVE PARCEL MAP NO. 061764

Notice is hereby given that a Hearing Officer of Los Angeles County will conduct a public hearing concerning this proposed land development on October 16, 2007, at 9:00 a.m., in Room 150, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. Room 150 will open to the public at 8:50 a.m. Interested persons will be given an opportunity to testify.

This project received a Class 15 Categorical Exemption pursuant to State and County Environmental Reporting Guidelines.

General description of proposal: The parcel map proposes to create one (1) single family lot with two (2) detached condominium units on 0.45 gross acres.

General location of property: 6825 Lotus Avenue between Duarte Road and Naomi Avenue in the South Santa Anita-Temple City Zoned District of Los Angeles County.

These cases do not affect the zoning of surrounding properties. If you are unable to attend the public hearing but wish to send written comments, please write to the Department of Regional Planning at the address given below, Attention: Donald Kress. You may also obtain additional information concerning this case by phoning Donald Kress at (213) 974-6433. Callers from North County areas may dial (661) 272-0964 (Antelope Valley) or (661) 253-0111 (Santa Clarita) and then ask to be connected to (213) 974-6433. Public service hours: 7:30 a.m. to 6:00 p.m., Monday through Thursday. Our office is closed on Fridays.

If the final decision on this proposal is challenged in court, testimony may be limited to issues raised at the public hearing or by written correspondence delivered to the Hearing Officer at or prior to the public hearing.

Case materials are available for inspection during regular working hours at the Department of Regional Planning, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. These materials will also be available for review beginning September 15, 2007, at the Los Angeles County Public Library, Rosemead Library, 8800 Valley Boulevard, Rosemead, CA 91770. Selected materials are also available on the Department of Regional Planning website at "[http:// planning.lacounty.gov/case.htm](http://planning.lacounty.gov/case.htm)."

DESCRIPTION OF SITE PLAN The tentative parcel map and exhibit map dated April 23, 2007, depict one lot on 0.45 gross acres with two (2) detached condominium units. The project site contains one single family residence to remain and be remodeled, and one garage to be removed. 24 cubic yards of grading is proposed on the project site.
--

KEY ISSUES Project must comply with the East Pasadena—San Gabriel Community Standards District requirements for minimum front yard depth, side yard setbacks, rear yard setbacks, 50% front yard softscape, and total lot coverage. These will be ensured at the time of building permit issuance. Existing house proposed as Unit No. 1 has existing six-foot side yard setback, which is less than the 10 feet required by the CSD. This is acceptable as the house was constructed in 1953, prior to the adoption of the CSD, and complied with provisions in effect at that time.

ISSUES AND ANALYSIS

DRAFT CONDITIONS:

1. Conform to the applicable requirements of Title 22 of the Los Angeles County Code ("County Code") (Zoning Ordinance), the area requirements of the R-A zone, and the East Pasadena-San Gabriel Community Standards District.
3. Place the following note as stated on the final map: "Parcel 1 of this map is approved as a condominium project for a total of two detached residential units whereby the owners of the units of air space will hold an undivided interest in the common areas which will in turn provide the necessary access and utility easement for the units." Place this note to the satisfaction of the Los Angeles County Department of Regional Planning ("Regional Planning") and Los Angeles County Department of Public Works ("Public Works")
4. Submit a copy of the Covenants, Conditions, and Restrictions ("CC&R's") to Regional Planning for review and approval.
5. Label the driveway as "Private Driveway and Firelane" on the final map.
6. Post the driveway with "No Parking—Fire Lane" signs and provide for its continued enforcement in the CC&R's. Submit a copy of the document to be recorded to the Department of Regional Planning for approval prior to final map approval.
7. Provide in the CC&R's a method for ensuring that an adequate lighting system along all walkways is constructed within the common areas to the satisfaction of Regional Planning. Submit a copy of the document to be recorded to Regional Planning prior to final map approval.
8. Provide in the CC&R's a method for continual maintenance of the common areas, including the driveways and the lighting system along the walkways to the satisfaction of Regional Planning. Submit a copy of the document to be recorded to Regional Planning prior to final map approval.
9. A final parcel map is required for this land division. A parcel map waiver is not allowed.
10. The subdivider or the current owner shall plant at least one tree within the front yard of each parcel with recommendation of one extra tree for a total of two trees. The location and the species of the trees may be incorporated into a site plan or landscape plan to be approved by the Director of the Los Angeles County Department of Regional Planning

("Regional Planning") and the Los Angeles County Forester and Fire Warden. Prior to final map approval, a bond shall be posted with the Los Angeles County Department of Public Works ("Public Works") or other verification shall be submitted to the satisfaction of Regional Planning to ensure the planting of the required trees.

11. Require construction of new garage for Unit 1 prior to final map approval. Provide proof of removal of existing garage after new construction.
12. The subdivider shall defend, indemnify and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void or annul this approval, which action is brought within the applicable time period of Government Code Section 65499.37 or any other applicable limitation period. The County shall promptly notify the subdivider of any claim, action or proceeding and the County shall cooperate fully in the defense. If the County fails to promptly notify the subdivider of any claim, action or proceeding, or if the County fails to cooperate fully in the defense, the subdivider shall not, thereafter, be responsible to defend, indemnify, or hold harmless the County.
13. In the event that any claim, action, or proceeding as described in Condition No. 10 above is filed against the County, the subdivider shall within ten days of the filing pay Regional Planning an initial deposit of \$5,000, from which actual costs shall be billed and deducted for the purpose of defraying the expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance to the subdivider or subdivider's counsel. The subdivider shall pay the following supplemental deposits, from which actual costs shall be billed and deducted:
 - a. If during the litigation process, actual costs incurred reach 80 percent of the amount on deposit, the subdivider shall deposit additional funds sufficient to bring the balance up to the amount of the initial deposit. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.
 - b. At the sole discretion of the subdivider, the amount of an initial or supplemental deposit may exceed the minimum amounts defined herein.

The cost of the collection and duplication of records and other related documents will be paid by the subdivider according to County Code Section 2.170.010.

Except as modified herein above, this approval is subject to all those conditions

set forth in the attached reports recommended by the Los Angeles County Subdivision Committee, which consists of Public Works, Los Angeles County Fire Department, Los Angeles County Department of Parks and Recreation and the Los Angeles County Department of Public Health, in addition to Regional Planning.

The following reports consisting of 10 pages are the recommendations of Public Works.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Details and notes shown on the tentative map are not necessarily approved. Any details or notes which may be inconsistent with requirements of ordinances, general conditions of approval, or Department policies must be specifically approved in other conditions, or ordinance requirements are modified to those shown on the tentative map upon approval by the Advisory agency.
2. Easements are tentatively required, subject to review by the Director of Public Works to determine the final locations and requirements.
3. Easements shall not be granted or recorded within areas proposed to be granted, dedicated, or offered for dedication for public streets, highways, access rights, building restriction rights, or other easements until after the final map is filed with the Registrar-Recorder/County Clerk's Office. If easements are granted after the date of tentative approval, a subordination must be executed by the easement holder prior to the filing of the final map.
4. In lieu of establishing the final specific locations of structures on each parcel at this time, the owner, at the time of issuance of a grading or building permit, agrees to develop the property in conformance with the County Code and other appropriate ordinances such as the Building Code, Plumbing Code, Grading Ordinance, Highway Permit Ordinance, Mechanical Code, Zoning Ordinance, Undergrounding of Utilities Ordinance, Water Ordinance, Sanitary Sewer and Industrial Waste Ordinance, Electrical Code, and Fire Code. Improvements and other requirements may be imposed pursuant to such codes and ordinances.
5. All easements existing at the time of final map approval must be accounted for on the approved tentative map. This includes the location, owner, purpose, and recording reference for all existing easements. If an easement is blanket or indeterminate in nature, a statement to that effect must be shown on the tentative map in lieu of its location. If all easements have not been accounted for, submit a corrected tentative map to the Department of Regional Planning for approval.

6. Adjust, relocate, and/or eliminate lot lines, lots, streets, easements, grading, geotechnical protective devices, and/or physical improvements to comply with ordinances, policies, and standards in effect at the date the County determined the application to be complete all to the satisfaction of Public Works.
7. Place standard condominium notes on the final map to the satisfaction of Public Works.
8. Thirty days prior to requesting final approval of the tract/parcel map submit gummed mailing labels for each tenant in the structure to be converted, a notarized affidavit signed by all of the owners listing all vacant units, a minimum deposit of twenty-five (\$25) dollars for each occupied unit, and recorded copies of all covenants and agreements applicable to this conversion project to the Director of Public Works. Copies of the covenants and agreements must be mailed to all tenants by the applicant at least thirty days prior to final approval.
9. Prior to final approval of the parcel map submit a notarized affidavit to the Director of Public Works, signed by all owners of record at the time of filing of the map with the Registrar-Recorder/County Clerk's Office, stating that any proposed condominium building has not been constructed or that all buildings have not been occupied or rented and that said building will not be occupied or rented until after the filing of the map with the Registrar-Recorder/County Clerk's Office.
10. Label driveways and multiple access strips as "Private Driveway and Fire Lane" and delineate on the final map to the satisfaction of Public Works.
11. Reserve reciprocal easements for drainage, ingress/egress, sewer, water, utilities, and maintenance purposes, etc., in documents over the private driveways to the satisfaction of Public Works.
12. Remove and reconstruct part of the existing house for Unit 1 as shown on the tentative/exhibit maps prior to final map approval. Building permits and/or demolition permits are required from the Building and Safety office.
13. Construct a new garage for Unit 1 prior to final map approval. Building permits are required from the Building and Safety office. After approval of the new garage, remove the existing garage as shown on the tentative map prior to final map approval. Demolition permits are required from the Building and Safety office.
14. Quitclaim or relocate easements running through proposed structures.

15. A final parcel map must be processed through the Director of Public Works prior to being filed with the Registrar-Recorder/County Clerk's Office, unless the final parcel map is waived by the Advisory Agency.
16. Prior to submitting the parcel map to the Director of Public Works for examination pursuant to Section 66450 of the Government Code, obtain clearances from all affected Departments and Divisions, including a clearance from the Subdivision Mapping Section of the Land Development Division of Public Works for the following mapping items; mathematical accuracy; survey analysis; and correctness of certificates, signatures, etc.
17. If signatures of record title interests appear on the final map, a preliminary guarantee is needed. A final guarantee will be required. If said signatures do not appear on the final map, a title report/guarantee is needed showing all fee owners and interest holders and this account must remain open until the final parcel map is filed with the Registrar-Recorder/County Clerk's Office.
18. Within 30 days of the approval date of this land use entitlement or at the time of first plan check submittal, the applicant shall deposit the sum of \$2,000 (Minor Land Divisions) or \$5,000 (Major Land Divisions) with Public Works to defray the cost of verifying conditions of approval for the purpose of issuing final map clearances. This deposit will cover the actual cost of reviewing conditions of approval for Conditional Use Permits, Tentative Tract and Parcel Maps, Vesting Tentative Tract and Parcel Maps, Oak Tree Permits, Specific Plans, General Plan Amendments, Zone Changes, CEQA Mitigation Monitoring Programs and Regulatory Permits from State and Federal Agencies (Fish and Game, USF&W, Army Corps, RWQCB, etc.) as they relate to the various plan check activities and improvement plan designs. In addition, this deposit will be used to conduct site field reviews and attend meetings requested by the applicant and/or his agents for the purpose of resolving technical issues on condition compliance as they relate to improvement plan design, engineering studies, highway alignment studies and tract/parcel map boundary, title and easement issues. When 80% of the deposit is expended, the applicant will be required to provide additional funds to restore the initial deposit. Remaining balances in the deposit account will be refunded upon final map recordation.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Repair any displaced, broken, or damaged driveway apron and pavement along the property frontage on Lotus Avenue.
2. Construct curb and gutter (20 feet from centerline) along the property frontage on Lotus Avenue to the satisfaction of Public Works.
3. Construct parkway improvements (driveway, landings, etc.) that either serve or form a part of a Pedestrian Access Route to meet current Americans with Disabilities Act (ADA) requirements along the property frontage on Lotus Avenue to the satisfaction of Public Works.
4. Remove the walkway stairs and decorative rocks from road right of way along the property frontage on Lotus Avenue.
5. Plant street trees along the property frontage on Lotus Avenue to the satisfaction of Public Works. Existing trees in dedicated right of way shall be removed and replaced if not acceptable as street trees.
6. Comply with the following street lighting requirements:
 - a. Provide street lights on concrete poles with underground wiring on Lotus Avenue along the property frontage to the satisfaction of Public Works. Submit street lighting plans as soon as possible for review and approval to the Street Lighting Section of the Traffic and Lighting Division. For additional information, please contact the Street Lighting Section at (626) 300-4726.
 - b. The proposed development is within an existing Lighting District. For acceptance of street light transfer billing, all street lights in the development, or the current phase of the development, must be constructed according to Public Works approved plans. The contractor shall submit one complete set of "as-built" plans. Provided the above conditions are met, all street lights in the development, or the current phase of the development, have been energized, and the developer has requested a transfer of billing at least by January 1 of the previous year, the Lighting District can assume responsibility for the operation and maintenance of the street lights by July 1 of any given year. The transfer of billing could be delayed one or more years if the above conditions are not met.

WATER SYSTEM REQUIREMENTS - UNINCORPORATED

Subdivision No. PM061764 Tentative Map Date April 23, 2007 - Ex. A

Revised Report yes

- ☐ The County Forester and Fire Warden is prohibited from setting requirements for water mains, fire hydrants and fire flows as a condition of approval for this division of land as presently zoned and/or submitted. However, water requirements may be necessary at the time of building permit issuance.
- ☒ The required fire flow for public fire hydrants at this location is 1250 gallons per minute at 20 psi for a duration of 2 hours, over and above maximum daily domestic demand. 1 Hydrant(s) flowing simultaneously may be used to achieve the required fire flow.
- ☐ The required fire flow for private on-site hydrants is gallons per minute at 20 psi. Each private on-site hydrant must be capable of flowing gallons per minute at 20 psi with two hydrants flowing simultaneously, one of which must be the furthest from the public water source.
- ☐ Fire hydrant requirements are as follows:
- Install public fire hydrant(s). Verify / Upgrade existing public fire hydrant(s).
- Install private on-site fire hydrant(s).
- ☐ All hydrants shall measure 6"x 4"x 2-1/2" brass or bronze, conforming to current AWWA standard C503 or approved equal. All on-site hydrants shall be installed a minimum of 25' feet from a structure or protected by a two (2) hour rated firewall.
- ☐ Location: As per map on file with the office.
- ☐ Other location:
- ☐ All required fire hydrants shall be installed, tested and accepted or bonded for prior to Final Map approval. Vehicular access shall be provided and maintained serviceable throughout construction.
- ☐ The County of Los Angeles Fire Department is not setting requirements for water mains, fire hydrants and fire flows as a condition of approval for this division of land as presently zoned and/or submitted.
- ☐ Additional water system requirements will be required when this land is further subdivided and/or during the building permit process.
- ☐ Hydrants and fire flows are adequate to meet current Fire Department requirements.
- ☐ Upgrade not necessary, if existing hydrant(s) meet(s) fire flow requirements. Submit original water availability form to our office.

PARK OBLIGATION WORKSHEET

Tentative Map #	61764	DRP Map Date: 04/23/2007	SMC Date: / /	Report Date: 05/30/2007
Park Planning Area #	42	WEST SAN GABRIEL VALLEY		Map Type: REV. (REV RECD)

The formula for calculating the acreage obligation and or In-lieu fee is as follows:

$$(P) \text{ people} \times (0.003) \text{ Goal} \times (U) \text{ nits} = (X) \text{ acres obligation}$$

$$(X) \text{ acres obligation} \times \text{RLV/Acre} = \text{In-Lieu Base Fee}$$

Where: P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census*. Assume * people for detached single-family residences; Assume * people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume * people for apartment houses containing five or more dwelling units; Assume * people for mobile homes.

Goal = The subdivision ordinance allows for the goal of 3.0 acres of park land for each 1,000 people generated by the development. This goal is calculated as "0.0030" in the formula.

U = Total approved number of Dwelling Units.

X = Local park space obligation expressed in terms of acres.

RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units 2 = Proposed Units 1 + Exempt Units 1

	People*	Goal 3.0 Acres / 1000 People	Number of Units	Acre Obligation
